

PCAT Sixth Registration or More Checklist

Since you have taken the PCAT five or more times, you may be required to submit a written request for an additional testing session along with documentation to support your request. Acceptable forms of documentation include:

- A copy of a completed and submitted application to a pharmacy school or to PharmCAS for the upcoming academic year and a transaction confirmation from the institution.

OR

- A letter on official school letterhead stationery from a pharmacy school advisor, administrator, or faculty member verifying that you are applying to a pharmacy school for the upcoming academic year. Your advisor, administrator, or faculty member must also recommend that you take the PCAT.

Contact PSE Customer Relations at scoring.services@pearson.com with questions on this policy.

Use the checklist below to:

- Review the policies in the online Candidate Information Booklet (CIB).
- Verify that your email address and phone number are current on your PCAT profile. These will be used to contact you if documentation is required.
- Monitor your email and voice mail. Make sure that emails from scoring.services@pearson.com will be delivered to your email box, and not into a spam folder.
- Note that a deadline will be included in the initial email notifying you that you are required to send in documentation to support an additional testing session. Take note of this deadline. If documentation is not submitted by this date, your registration will be cancelled.
- Ensure that the documentation submitted meets the criteria listed in the CIB. If the documentation you submit is not acceptable, and you do not send in any further documentation that is acceptable, your registration will be cancelled.
- Review the cancellation policy and deadline. If your registration is cancelled, any refund will be subject to the cancellation policy. A 50% refund of the registration fee will be issued through the cancellation deadline. After the cancellation deadline, no refund will be issued.
