Accommodations for Candidates With Disabilities

Pearson provides testing accommodations for candidates with disabilities, at no additional charge, in accordance with the Americans with Disabilities Act (ADA). Any individual who has a physical impairment or limitation described as a disability under the ADA may request special testing arrangements.

You will indicate your need for a special arrangement at the time of registration, but your documentation and HIPAA Consent Form must be submitted by mail, fax, or email (scanned and attached). It may take up to 60 days to process your accommodation request, so we strongly suggest that you register and submit all required documentation before the “Register and Schedule By” deadline prior to your desired testing window. Your documentation **must** include a signed HIPAA Consent Form (see “PCAT Fees and Special Services” on <http://PCATweb.info>) and a current letter from an appropriate professional authority describing the nature of your functional limitation that applies to taking a test and the specific accommodations you will require for testing. Your request will be reviewed by Pearson, and you will be notified whether your request for special accommodations has been approved or denied. If your request is denied, you may appeal the decision by following the procedure described on the PCAT website. The Pearson VUE Test Center will be notified of the accommodations that you require and will make every attempt to provide them appropriately. Complete documentation must be received no later than the late registration deadline in order to be considered.

Please refer to the PCAT website for complete information concerning how to request special accommodations. If you have any questions after referring to the information on the PCAT website, please email or call PCAT Customer Relations.
