2019–2020 Webinar Series

Welcome to the 2019–2020 school year! This series of webinars is designed to increase your confidence in using aimsweb®Plus, with sessions scheduled strategically throughout the year to support your assessment workflow. Each session offers time for Q&A, with further assistance provided by our platform support team at **866.313.6194** as needed.

We wish you a very successful school year!

All sessions are complimentary and will be recorded.

Be ready before the first bell rings with our Back to School series!

Rostering & TestNav Basics in aimswebPlus

These sessions are geared toward IT teams and any school personnel supporting technology and the aimswebPlus application. Timely for back-to-school, the sessions will address the rostering process and provide tips and tricks for a better rostering experience. Updates to TestNav, the online administration engine for grades 2 and above, will also be covered.

Presenter: Oscar Maldonado

Getting Started for Administrators

Hosted by Bianca Redd, our Resource Consultant, this webinar is designed to assist new aimswebPlus administrators with getting started tips and implementation basics. Bianca will walk you through general setup options for your new account and prepare you for implementing aimswebPlus in your school setting. Logging in, updating passwords, setting up the basic structure of the account via import vs. manual setup options, user setup, and locating help and support resources are all topics that will be covered in these sessions. A breakdown of complimentary training vs. paid training options will also be covered, and time will be allotted for Q&A.
