ISBN: A103000150991 (consecutive day)

This professional learning workshop includes a full day of in-person instruction provided by a Certified DRA3 Consultant. This workshop will emphasize the strong connection between DRA3 and reading achievement. Participants will be introduced to the new DRA3 platform and kit components. This workshop includes how to consistently Benchmark students and complete the new streamlined continuum on the Teacher Observation Guide and use the new Level Estimator. This training will also cover the efficient and appropriate use of Word Analysis and Progress Monitoring with DRA3 Benchmark Assessment to observe struggling and emerging readers. Participants will learn how to use the DRA3 digital platform including how to organize student information and data, launch assessments for scoring, and generate reports.

Training will be adapted to cover both paper and digital administration for K-8 or can be customized for K-3 and 4-8 administration. Training details can be adjusted to include more emphasis on platform navigation and features.

Learning Objectives:

1. Identify the organization and content of the DRA3 assessment and supporting resources
2. Use and score assessments with the DRA3 scoring continuum and assessment tools
3. Identify a student's independent reading level
4. Integrate the 'Focus for Instruction' into daily lesson planning
5. Use the digital platform for student information and reports

***Due to the hands-on experience with our onsite workshop we limit the number of participants to 30.***
