

Help shape the future of assessments

Take part in a paid testing opportunity with real impact

Pearson Clinical Field Research is seeking participants for an important testing opportunity to help improve a new assessment of attention.

Those who take part will receive compensation and play a vital role in shaping an assessment that reflects real-world experiences and supports fair, balanced outcomes for culturally and linguistically diverse groups.

About Pearson

Pearson is the world's leading lifelong learning company, serving customers in nearly 200 countries. With over 80 years of experience in the clinical testing field, Pearson's Assessment group offers innovative measures and resources that support clinical professionals and those they are called to serve. We are particularly recognized for our assessment contributions in cognitive/ability, memory, behavior, achievement, and speech/language.

Eligibility

Participation helps make assessments more inclusive, fair, and representative. Pearson Clinical Field Research welcomes individuals from a wide range of backgrounds.

To be eligible, individuals must meet the following criteria:

- be ages 10–15 years
- Able to take a computerized test in a standard fashion
- Able to read at approximately a third-grade reading level; no formal test of reading ability is required

What to expect

Participants will meet with a qualified examiner at a mutually agreed-upon time and location to complete a digital test and questionnaire.

The time commitment is approximately **1 hour**.

Compensation is a **\$40–\$50** digital gift card.
