

# Help shape the future of assessments

**Join this testing opportunity and earn money!**

Pearson Clinical Field Research is seeking participants to join in an exciting opportunity to help update a widely used intelligence assessment! Participants will receive compensation and play a vital role in shaping a test that will benefit culturally and linguistically diverse groups for generations to come.

## About Pearson

Pearson is the world's leading lifelong learning company, serving customers in nearly 200 countries. With over 80 years of experience in the clinical testing field, Pearson's Assessment group offers innovative measures and resources that support clinical professionals and those they are called to serve. We are particularly recognized for our assessment contributions in cognitive/ability, memory, behavior, achievement, and speech/language.

## Participant involvement

Selected individuals aged 6 to 16 will work one-on-one with a qualified examiner at a mutually agreed upon time and location. **Participants will earn a \$120-\$145 digital gift card by taking part in a 2 1/2 to 3 hour testing session.** Participants will be asked to complete various tasks, including solving puzzles, memory games, picture matching, answering questions, problem solving challenges, and other engaging activities!

## Who can participate?

Pearson Clinical Field Research welcomes all interested individuals. Including participants from diverse age groups, ethnic backgrounds, and socio-economic communities helps make our assessments more inclusive, fair, and balanced.
