

## **UPDATE TO CLINICAL PAY RATES**

We want to share an important update regarding pay rates for select **WISC-6 Standardization** clinical studies. To better align compensation with the work required for these assignments, we are increasing pay rates for **Intellectually Gifted** and **Mild and Moderate Intellectual Disability** studies effective **5/14/26**. The updated rates are outlined below.

### **Pay rate updates as of 5/14/26:**

#### **Intellectually Gifted- Paper and Digital**

##### 1) Paper Intellectually Gifted Study, **NEW Pay Rates:**

Examiner: \$400

Examinee: \$200

##### 2) Digital Intellectually Gifted Study, **NEW Pay Rates:**

Examiner: \$400

Examinee: \$200

#### **Mild and Moderate Intellectual Disability- Paper and Digital**

##### 1) Paper Mild and Moderate Intellectual Disability Study, **NEW Pay Rates:**

Examiner: \$400

Examinee: \$200

##### 2) Digital Mild-Moderate Intellectual Disability Study, **NEW Pay Rates:**

Examiner: \$400

Examinee: \$200

**Please Note:** No other clinical study pay rates are changing at this time. Also, typically developing, validity, and counterbalance pay rates have not changed.

We appreciate your continued partnership and the work you have already completed for these study populations. Please note that **the updated pay rates will apply to assignments moving forward and will not be applied retroactively to tests submitted before 5/14/26.** These updated rates will remain in effect for current and future assignments through the end of data collection.

Thank you,  
Pearson Field Research
