

Manual Download Update for ASSIST and GRADE/GMADE (Windows[®] XP Operating System)

1. Click on your software download.
2. In the **File Download** pop-up box, select **Save**.
3. A **Save As** dialog box will pop up. Select **Desktop** for the location and then select **Save**.
4. The update file will begin to download. Once complete, you will receive the **Download Complete** pop-up box. Select **Close**.
5. Exit Internet Explorer and go to your Desktop.
6. **Right-click** on the new update icon. Select **Extract All...**
7. The **Extraction Wizard** dialog box will pop up. Select **Next**.
8. The default file path will be the Desktop. Select **Next**.
9. Once the extracting process is complete, select **Finish**. A new window will pop up containing the Contents folder. There will be a new folder labeled **(Software Name, e.g., BASC) or (Software Name)Update** on your Desktop.
10. **Right-click** on the **Contents** folder and select **Copy**.
11. **Right-click** on your computer **Start** button and select **Explore**.
In the address line, enter: **C:\Program Files\AGS** and then select **Go**.
Note: for KeyMath 3 enter: **C:\Program Files\Pearson**
12. Once there, **right-click** the folder to be updated and select **Paste**.

NOTE: Some files may be hidden. To view the contents of this folder, select **Show the contents of this folder**.

13. A dialog box will pop-up stating: *This folder already contains a folder named Contents*. Select **Yes to All** to replace the files.
14. Once complete, close the window and return to your Desktop.
15. You will now be able to launch your software. The new download will update your database tables and allow you to log in.
