

MCCI[®]-IV Online Independent Study

Presented by: Seth Grossman, PsyD and Gloria Maccow, PhD

Narrated by: Anne-Marie Kimbell, PhD

Delivery method: On demand

Instructional level: Intermediate

Sponsored by: NCS Pearson, Inc.

Course Description

This learning track consists of four modules and is approximately 3 hours long. The offering introduces the theoretical foundation and structure of the MCCI-IV assessment, including development and standardization, how it relates to Dr. Millon's theory of personality, and detailed lessons on administration, scoring, and interpretation of the assessment.

Learner Outcomes

After completing this learning track, the participants will be able to:

Module 1 – MCCI-IV Overview

1. Describe central role of personality in clinical assessment
2. Describe development of the MCCI-IV
3. Describe MCCI-IV psychometrics and basic interpretation considerations

Module 2 – Theory and Taxonomy of the MCCI-IV

1. Describe central role of theory in a comprehensive clinical psychology
2. Describe Millon's Evolutionary Theory
3. Describe personality prototypes and taxonomy based on Millon's theory

Module 3 – MCCI-IV In Depth

1. Develop a comprehensive theoretical understanding of the MCCI-IV personality scales
2. Explain the contextual integration of personality patterns and presenting symptomatology in MCCI-IV profiles

Module 4 – Interpretation of the MCCI-IV

1. Describe the steps for interpretation of the MCCI-IV profiles
2. Review MCCI-IV data on presenting symptomatology and personality patterns to identify treatment

Time-Ordered Agenda

38 min 46 sec	MCCI-IV Overview
52 min 18 sec	Theory and Taxonomy of the MCCI-IV
53 min 13 sec	MCCI-IV In Depth
35 min 22 sec	Interpretation of the MCCI-IV

About the Presenters

Seth Grossman is a licensed psychologist in the state of Florida. He is the founder and clinical director of the Center for Psychological Fitness in the Fort Lauderdale region, as well as a member of the clinical faculty at the Florida International University Herbert Wertheim College of Medicine. For nearly two decades, Dr. Grossman worked under the leadership of the world-renowned personality theorist, Dr. Theodore Millon, co-authoring several books, scientific articles, and personality tests with Dr. Millon. Dr. Grossman has also been a guest lecturer on personality and clinical assessment at universities and professional settings nationally and internationally. Most recently, Dr. Grossman co-authored the Millon Clinical Multiaxial Inventory-IV (MCMI-IV), the latest revision to Dr. Millon's widely used measure of adult psychopathology.

Gloria Maccow, PhD, is licensed as a Health Services Provider - Psychologist in North Carolina and has been a Pearson employee since 2006. She provides training on the administration, scoring, and interpretation of assessment instruments and consults with colleagues and customers about clinical assessments. Over the course of her career as an educator, psychologist, and clinician, Dr. Maccow has conducted research on assessment methods and instruments and early intervention. She is a member of the National Association of School Psychologists.

Narrator

Anne-Marie Kimbell was a National Training Consultant for Pearson. She is a licensed clinical psychologist in Texas and holds a Certificate of Proficiency in Clinical Geropsychology. Anne-Marie received her PhD in Counseling Psychology from Texas A&M University, where she conducted research with the Texas Department of Protective and Regulatory Services to test a risk factor assessment for identifying older persons at risk of elder abuse. She completed a clinical internship and postdoctoral training in the VA system, conducted research on aging and long-term care with the Texas A&M Health Science Center, and served as a staff psychologist for two VA systems, where she provided clinical services in the areas of geriatrics, palliative care/hospice, rehabilitation, neuropsychology, posttraumatic stress disorder, and primary care mental health integration.

Disclosure

Financial:

Dr. Grossman is the lead active author on the MCMI-IV and a co-author of the MBMD and receives royalties on the sales of test materials and scorings. He is also a paid consultant for the Millon Personality Group.

Gloria Maccow is employed by Pearson Clinical Assessment.

Anne-Marie Kimbell was employed by Pearson Clinical Assessment.

Non-financial disclosure:

There are no relevant non-financial relationships to disclose.

The Pearson Assessment Division, the sponsor of this learning track, develops and distributes assessments and intervention tools for speech-language pathologists, occupational therapists, and psychologists. This offering will address the appropriate use of the Million Clinical Multiaxial Inventory-IV (MCMI-IV) published by Pearson Clinical Assessment. No other assessments will be discussed during this presentation.
