SPANISH SCREENING TEST

Valid. Fun. Reliable. Times 5!

Known for its child-friendly format, the PLS™-5 family of assessments now includes Screening Tests for Early Childhood Educators

in English and Spanish editions appropriate for infants, toddlers, and preschoolers! These new measures reflect evolving best practices in early childhood assessment, with research based on our diverse U.S. population.

Quickly screen language skills in either English or Spanish

- Designed especially for early childhood educators, with separate kits for age groups 0–3 and 3–6
- Ideal for programs serving young children living in diverse communities
- Addresses newly proposed Head Start performance standards for assessing dual language learners
