

# National Board for Professional Teaching Standards (NBPTS) 2023 Projects by Start Date and Time Zone

Updated: February 27, 2023

National Board 2023 scoring will be conducted both synchronously and in person in scoring sites. “Synchronous” scoring means there will be real-time virtual team collaboration following a regular daily schedule that all scoring team members will observe together. Assessors will work from home or in a private space in their school, with video cameras operating to facilitate group interaction.

Regular working hours are 8:00am to 4:30pm, Monday through Friday, according to the time zone in which each scoring team is scheduled to work. Please check offer letters for time zones before accepting. All time zones are in Daylight Saving time unless on location in Arizona. General information about National Board scoring components is available on the recruiting website.

*Note:* Exact scoring dates will be reflected in all scoring offers.

In-person scoring locations are the following:

- **Tulsa, Oklahoma**, Thoreau Demonstration Academy, 7370 E. 71<sup>st</sup> St.
- **Charlotte, NC**, metro area, address not yet determined
- Either **Albuquerque, NM, or Phoenix, AZ**, address not yet determined

## Guide to Abbreviations of Developmental Levels

Abbreviation	Developmental Level	Age Range
EC	Early Childhood	3-8
MC	Middle Childhood	7-12
EMC	Early and Middle Childhood	3-12
