

What are my options?

DIGITAL

How many individuals do you want to screen?

Groups or universal screening

Limited numbers or one at a time

Individuals or groups in Corrections

The Shaywitz DyslexiaScreen K-3 Forms are integrated within the aimsweb®Plus system; complete the forms alongside your academic reading benchmark system for a complete view of each student's performance.

Purchase

1. Shaywitz DyslexiaScreen on aimswebPlus (one item is used for any form)
2. Shaywitz DyslexiaScreen on-demand training module for aimswebPlus users (free if any aimswebPlus training is purchased)

Administer

Click on Dyslexia Screening from the Benchmark screen drop-down. Then click the pencil icon to complete the screener form. Use the onscreen help buttons for rating support. Click submit when ratings are complete.

Score/Report

Scoring completes when the teacher submits the form(s). Report at the individual and group levels; aggregate and/or disaggregate subgroupings to analyze results and plan for next steps. Consider the best practice of using multiple measures to make data-based decisions.

Review360® is a standalone universal screening tool that provides a robust, scalable screening solution for the Shaywitz DyslexiaScreen K-3, Adolescent-Adult, and Corrections Forms.

Purchase

1. Shaywitz DyslexiaScreen K-3 Forms Administration/Report usages
2. Shaywitz DyslexiaScreen Adolescent-Adult Form Administration/Report usages
3. Shaywitz DyslexiaScreen Corrections Form (contact Clinical Assessment Sales team)

Administer

Upload complete roster of examinees/students and set up a screening event. Manage screening via the group/class administration dashboard. Teacher or self-report ratings are completed online using audio presentation (Adolescent-Adult and Corrections Forms). Help files are available if needed.

Score/Report

Scoring completes when the teacher/rater submits the form on Q-global. Report at the individual and group levels; aggregate and/or disaggregate subgroupings to analyze results and plan for next steps.

Q-global

Pearson's web-based scoring and reporting system allows you to deliver and administer the Shaywitz DyslexiaScreen K-3 Forms with convenience and security.

Purchase

1. Shaywitz DyslexiaScreen Q-global® Manual (Digital)
2. Shaywitz DyslexiaScreen Q-global Administration/Reports (one item is used for any form)

Administer

Print the Teacher Guides and deliver to the teacher/rater prior to the administration. Select the ROSA option to email the form for the teacher to complete the screener online.

Score/Report

Scoring completes when the teacher submits the form on Q-global. Individual and group reporting allows the examiner to copy and paste the results text to a larger report or print/share the parent report with suggested home activities for those who are at risk (in English and Spanish).

The Shaywitz DyslexiaScreen™ Corrections Form is integrated with GED® Testing Service and Pearson VUE Test Center delivery systems.

Purchase

Obtain an annual license for unlimited use of the screener on the GED® platform based on the total number of GED students (email Government Assessment Consultant, Carl Holm, at carl.holm@pearson.com).

Administer

Select "Shaywitz DyslexiaScreen" from the GED dropdown choices within RegMan. GED students will interact directly with the computer as the items are read aloud. The student selects the responses as instructed.

Score/Report

Student receives immediate scoring and feedback after the last item. A report is stored within the student's GED account and will be available after their release from the Corrections facility.

PAPER

Corrections Form only

Printed Response Sheet for individual or group administration when internet is not available. Purchase of digital scoring and reporting is required via the Review360® platform.
