

Exclusively for TPP members: Support for teaching MCMI-IV hand-scoring

Many TPP members have asked for resources to help them teach hand-scoring for the MCMI®-IV to help their students understand the structure and psychometrics of the test. We heard your feedback and are excited to let you know that we have created resources you can access free via Q-global along with other print materials that are available to purchase.

Here's how to access these new resources

To meet your needs, we have developed downloadable PDFs of the MCMI-IV Hand-Scoring *Users Guide*, *Worksheet*, and *Profile Sheet*. These *free assets* can be accessed via Q-global in the "Restricted" folders of the *Resource Library* link at the top of the **home** page.
