

BOT-3 Administration & Scoring

Presented by: Eileen Garza, OTR, ATP/SMS, PhD, FAOTA

Date: Friday, October 16, 2026

Time: 9:00 a.m. - 12:45 pm ET

Delivery method: In person

Instructional level: Intermediate

Sponsored by: NCS Pearson, Inc.

Overview

Discover the latest in motor assessment with our engaging 3-hour session on the Bruininks-Oseretsky Test of Motor Proficiency™, Third Edition (BOT™-3). As your go-to motor assessment tool, the BOT-3 offers updated norms, enhanced clinical utility, and improved digital options on Q-global. Join us as we dive into the new features, supplementary scores, and hands-on practice in administration and scoring.

Learner Outcomes

After completing this learning track, participants will be able to:

1. Describe changes to the test structure and framework from the previous edition
2. Practice administration and scoring of subtests
3. Contrast use cases for BOT-3 versus BOT-3 Brief
4. Explain the application of pairwise comparisons and Growth Scale Values in clinical practice

Time-Ordered Agenda

10 minutes	History and Foundations
20 minutes	General Test Structure & Administration
75 minutes	Subtest Administration & Scoring
45 minutes	Scoring
50 minutes	Interpretation
10 minutes	Case Study

About the Presenters

Eileen Garza is an occupational therapist with over 40 years' experience as a practitioner and educator. Her areas of clinical expertise include school-based practice, hands-on, and community-based practice. Eileen also has extensive expertise in delivering training through both face-to-face and virtual platforms. She is a frequent presenter of continuing education sessions to audiences with diverse backgrounds, including families, occupational therapy practitioners, and those of other professional disciplines on a local, state, national, and international level.

Disclosure

Financial

Eileen Garza is a licensed occupational therapy practitioner employed by Pearson Clinical Assessment.

Non-financial disclosure: No relevant non-financial relationship exists.
