Literacy can be a struggle for many students.

Introducing aimswebPlus and WriteToLearn, more powerful together!

Time is the ultimate commodity these days, and we understand your team’s need for a quick, valid, reliable, and cost-effective tools to find students who need extra literacy support. The connection of aimsweb®Plus and WriteToLearn® provides you with the writing literacy measures, monitoring, planning, and intervention you need to find and help the students that need it most.
Early screening is key for student success

**aimswebPlus** screens and monitors the reading and math skills of PreK–12 students. With its robust set of standards-aligned measures, this comprehensive system is proven to uncover learning gaps quickly, identify at-risk students, and assess individual and classroom growth. aimswebPlus also has add-on screeners for behavior and dyslexia to provide a comprehensive, all-in-one system.

**WriteToLearn** provides the tools to further develop reading comprehension, expand vocabulary, and build writing skills across genres, styles, and text analysis, for 4-12 students. With automated scoring, reporting and immediate feedback, the web-based tool aids students in the practice of writing through review and edit cycles and access to writing support tools tailored to individual student’s needs.

How do I use these two tools together?

**Step 1:** Universally screen your students with aimswebPlus to identify your students’ strengths and challenges.

**Step 2:** Follow up with students by using WriteToLearn as part of your curriculum or as a formative writing intervention, support, and progress monitoring tool.

**Step 3:** Progress monitor with aimswebPlus to monitor student growth.
