

## WriteToLearn: Pricing and Training Options

WriteToLearn™ is a web-based tool for building writing skills and developing reading comprehension.

Less grading, more teaching: Between lesson planning, classroom instruction, and grading, teachers need tools that save them work — not create more. WriteToLearn's automated assessments, scoring system provides immediate feedback that helps students practice writing through review and edit cycles, and reporting do the work for teachers so they can spend more time teaching and less time grading.

### **Choose the WriteToLearn training program that best meets your school or district needs.**

We offer full-day, half-day, hourly, live webinar, and on-site options for up to 30 participants. Whether your teachers, specialists, and reading and writing coaches are just beginning to use WriteToLearn or are experienced in using the platform, we offer thorough training and resources to help implement classroom strategies and best practices.
