

Telepractice Resources for Clinicians

Presented by Anne-Marie Kimbell, Ph.D. and Chris Huzinec

Wednesday, September 30, 2020

12:00 p.m. to 1:30 p.m. Eastern Time Zone

Sponsored by Pearson Clinical Assessment

Overview

The COVID-19 emergency has rapidly increased the use of telepractice when providing assessments. This intermediate-level webinar will provide an overview of the many Pearson telepractice resources that have been developed for clinician use. Several important considerations for providing a remote assessment session will also be covered.

Learner Outcomes

Based on the content of the workshop, participants will be able to:

1. List several factors to be considered when planning for remote assessment.
2. Describe the difference between norms for telepractice and task equivalence between in-person and remote test administration.
3. Describe the types of information found in the product-specific Guidance Documents.

Time-ordered Agenda – Eastern Time Zone

12:00 – 12:15 p.m.	Overview of Telepractice Resources

About the Presenter(s)

Dr. Anne-Marie Kimbell is a licensed clinical psychologist in Texas and a National Senior Clinical Consultant for Pearson. Anne-Marie received her PhD in Counseling Psychology from Texas A&M University, completed clinical internship and postdoctoral training in the VA system, conducted research on Aging and Long-Term Care with the Texas A&M Health Science Center, and served as staff psychologist within the VA. Dr. Kimbell teaches nationally on topics of assessment related to cognitive, learning, behavioral, and language related needs.

Mr. Huzinec is an educational researcher, evaluator, and consultant with over 25 years of practical experience in public education. He is currently a Senior Educational Consultant for The Pearson Clinical Assessment group. Previously, he was employed by the Houston ISD's Department of Research and Accountability for 15 years as the Manager of the Program Evaluation and Performance Analysis Bureaus. He has produced publications and presented in the areas of Early Childhood Education, student behavior, SEL, ADHD, and Special Education.

About Pearson

Pearson is the foremost provider of assessments for psychologists and other mental health professionals. Our reliable, well-validated tools assess child and adult personality, behavior, neuropsychology, ability/intelligence, speech and language, vocations, and biopsychosocial issues, leading to better insights and successful outcomes.
