

ADMINISTERING THE WAIS-IV, WASI-II, and WISC-V REMOTELY: WHAT CAN I LEARN AND HOW?

Presented by Susan Engi Raiford, Ph.D.

Wednesday, October 21, 2020

11:00 a.m. to 12:00 p.m. Eastern Time Zone

Sponsored by Pearson Clinical Assessment

Overview

With the increasing need to conduct assessments via telepractice, many are wondering how to use the WAIS-IV, WASI-II, and WISC-V remotely. Join us for this intermediate-level webinar as we discuss this with Wechsler Research Director, Dr. Susie Raiford, when we will learn the answer to this question and more!

Learner Outcomes

Based on the content of the workshop, participants will be able to:

1. Discuss the WAIS-IV, WASI-II, and WISC-V index scores that are attainable without using Blocks or
2. List the test components necessary to administer the WAIS-IV, WASI-II, and WISC-V remotely.
3. Discuss how the input and output demands of various types of subtests contribute to our understanding of validity evidence.

Time-ordered Agenda – Eastern Time Zone

11:00 – 11:05 a.m.	Intro
11:05 – 11:15 a.m.	Scores available from remote administration of WAIS-IV
11:15 – 11:30 a.m.	Scores available from remote administration of WISC-V
11:30 – 11:40 a.m.	Scores available from remote administration of WASI-II
11:40 – 11:55 a.m.	Score validity evidence
11:55 – 12:00 p.m.	Q&A

“Pearson is approved by the National Association of School Psychologist to offer continuing education for school psychologists. Pearson maintains responsibility for the program.”

**About the Presenter**

Dr. Susan Engi Raiford is a senior research director at Pearson clinical assessment. She has been a primary developer of the Wechsler Intelligence scales since 2004. She led development of the WAIS-IV, WPPSI-IV, WISC-V, WISC-V Integrated, and presently leads the WAIS-5. She has published four books on the Wechsler scales and currently maintains a part time psychological assessment practice. Prior to becoming a psychological test developer, she provided clinical services to all ages in inpatient, outpatient, school, and residential settings in both the private and public sectors.

About Pearson

Pearson is the foremost provider of assessments for psychologists and other mental health professionals. Our reliable, well-validated tools assess child and adult personality, behaviour, neuropsychology, ability/intelligence, speech and language, vocations, and biopsychosocial issues, leading to better insights and successful outcome.
