

Telepractice for SLPs: Lessons Learned

Presented by Tina Eichstadt, Melissa Jakubowitz, Sue Ann Lee,

Robin L. Alvares, and Nancy Castilleja

Wednesday, December 2, 2020

1:00 pm to 2:00 pm Eastern Time Zone

Sponsored by Pearson Clinical Assessment

Overview

To support your growing need for training in the area of remote service delivery, we invite you to join us as we host a panel of Speech-Language Pathologist experts engaged in telepractice every day. Each panelist will share key lessons learned from their own years of telepractice experience in assessment, intervention, and consultation. A moderated Questions and Answers time will enable attendees to direct questions to each of the panel members. We hope you'll join us for this interactive and engaging session!

Learner Outcomes

Based on the content of the workshop, participants will be able to:

1. Summarize a decision-making process for determining if a potential client is appropriate for telepractice services
2. Identify dose, dose frequency, and total intervention duration to optimize therapy effect in speech intervention delivered via telepractice
3. Describe how implementation science may be used to improve treatment outcomes for students receiving services via telepractice

Course Content Disclosure: Pearson Assessment Division publishes print and digital assessment and intervention materials for speech-language pathologists. Pearson products will not be described or demonstrated during this session.

Pearson Assessments Division is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

This course is offered for 0.1 ASHA CEUs (Intermediate Level, Professional area.)

Who is eligible to earn ASHA CEUs?

Effective July 1, 2011, individuals must meet at least one of the following conditions in order to be eligible to earn ASHA CEUs.

- ASHA Member (includes Life member and International affiliates)
- ASHA Certificate of Clinical Competence (CCC) Holder
- Licensed by a state or provincial regulatory agency to practice speech-language pathology (SLP) or audiology
- Credentialed by a state regulatory agency to practice SLP or audiology
- Credentialed by a national regulatory agency to practice SLP or audiology
- Engaged in a Clinical Fellowship, which is supervised by someone with their ASHA CCC
- Currently enrolled in a masters or doctoral program in SLP or audiology

What does the ASHA CE Registry do to determine eligibility?

If we receive an ASHA CEU Participant form for an attendee who is not in our database as an "eligible" Registry user, we will ask them to provide documentation of eligibility prior to awarding ASHA CEUs.

Why should I use the ASHA CE Registry?

The ASHA CE Registry is a convenient, low cost, and safe way to keep track of courses taken through ASHA Approved CE Providers. ASHA CE Registry transcripts are accepted by all of the state licensing agencies and using the ASHA CE Registry provides a worry free way to document hours required to maintain ASHA Certification. For every year you pay the ASHA CE Registry fee, you may request an official transcript. We issue official transcripts to you, regulatory boards, employers or anyone else you designate.

Three easy ways to sign up!

For questions about the ASHA CE Registry, call an Action Center representative Monday through Friday from 8:30 am – 5:00 pm ET at 800-498-2071 or email continuing@asha.org.
